Barcelona Taken and the Town Is Being Looted by Soldiers.

## WARSHIP IS NEEDED

Our Consul Asks One for the Protection of American Interest—The Request Will Be Granted. Blockade Is Ineffective.

Washington, Aug. 12.—Minister Bowen has cabled the state department from Caracas that our consul at Barcelona has informed him by wire that Barcelona has been taken by the revolutionists and that they are sacking the town and in his judgment a protection vessel should be immediately afforded them.

Mr. Bowen has cabled the Cincinnati to return without delay. He notes that the Topeka is at Porto Cabello and the Marietta up Orinoco river.

Either the Topeka or the Cincinnati will go to Barcelona at once from Porto Cabello.

### The Blockade Ineffective.

Washington, Aug. 12.—The navy department has received two cablegrams from Commander McCrea of the gunboat Machias, dated Hatt, August 12, in which he reports the attempted blockade of the port by revolutionists is ineffective. In the first dispatch he says:

"Have decided the blockade spasmodic, therefore ineffective. Have notified consuls. Will protect innocent neutral commerce."

In the second dispatch he said: "Consider blockade abandoned. An American schooner reporting the blockader absent when it entered the port."

### KNIGHTS OF PYTHIAS.

The Reports of Officers Show the Order to Be in a Flourishing Condition.

San Francisco, Aug. 12.—Supreme Chancellor Fethers in his annual report to the Knights of Pythias convention said on December 31, 1901, the order had 540,138 affiliated members. To this should be added at least 500,000 who have been suspended for the non-payment of dues or have taken withdrawal cards, making a total of more than 1,000,000. The net gain for year, 23,394.

The report of R. C. L. White, supreme keeper of records and seal, showed the total number of subordinate lodges on December 31, 1901, was 7002, the net gain during the year being 142 lodges. The net gain in 1900 and 1901 combined was 262 lodges and 47,632 members. He said the per capita tax of six cents per annum will produce sufficient revenue to meet all requirements.

The report of the board of control of the endowment fund showed during the last two fiscal years 19,347 applications were received and 1579 death claims amounting to \$3,089,977 paid. Since organization of this fund 9001 death claims aggregating \$417,636,462 have been paid.

The report of Major General James R. Carnahan, commander of the uniform rank set forth there are 858 companies in good standing, organized into 99 regiments and 24 brigades. There are in addition 25 separate companies and warrants have been issued for 23 more.

### POPULISTS OF TEXAS.

They Assemble at Fort Worth to Look After State Politics.

Fort Worth, Tex., Aug. 12.—The Populist state convention of Texas assembled here today about half the state cha shrdlu shrdlu shrdlunnnl state represented. J. M. Mallette of Johnson county was made temporary chairman.

The morning session was taken up with an address of welcome by Mayor Powell and response and announcement of committees on credentials, organization and resolutions. The convention adjourned at 12:30 for the noon recess.

Resolutions will follow the usual deliberance of the party on national questions. A demand will be made for a state law restricting child labor in factories to the age of fifteen years and opposition will be expressed to the proposed poll tax amendment to the constitution.

### MURDER OF TEACHERS.

Three Were Shot and the Fourth Believed Buried Alive.

Manila, Aug. 12.—The investigation made by the constabulary to clear up the facts in the killing of the Cebu coaching party of four school teachers shows the party was ambushed 12 miles from Cebu. Two teachers were shot and killed at the first volley, the third, who ran, was shot in the back, and the fourth, who was captured, was shot in the chest while praying for mercy. It is suspected the fourth man

was buried alive, as his wound was slight and probably could not have caused death. Dogs dug up two of the bodies and devoured their flesh.

It is believed sufficient evidence has been secured to convict all participants in the crime.

The bodies of these teachers were found on July 24, after the teachers had been missing since June 10.

The police killed the leader of the band of murderers and captured eight other alleged participants in the crime. One man escaped.

### AN EXTRA SESSION.

President Will Call the Senate Together on Cuban Reciprocity Treaty.

Washington, Aug. 12.—Advices received here indicate President Roosevelt will call the senate in extraordinary session early in November with a view to the ratification of the reciprocity treaty with Cuba.

### ANNEXATION OF CUBA.

If Not Accomplished in Depression, Will Not Be in Prosperity.

Louisville, Ky., Aug. 12.—"Unless Cuba is annexed to the United States within a year, it never will be," said G. Castellanos of Havana, who is at Selbach's hotel.

"If the United States wants the island now is the time for them to get it. The people are poor, and there is no demand for the sugar and tobacco, the principal products. The failure of congress to adopt the reciprocity resolution was a great blow to the island, but we think we will find a demand for our sugar in Europe. When this is done our people will become prosperous, and all will oppose annexation. But now with hard times staring them in the face, a great many Cubans favor annexation. This is especially true with the wealthy classes. They want to sell their products and realize the benefits they would derive personally by having an open market."

"It will take several years to bring order out of chaos and establish prosperity. But when this is done, the people will be satisfied, and will oppose any effort toward annexation."

### SHEEPMEN RUINED.

Drouth in New South Wales Devastates That Industry.

Victoria, B. C., Aug. 12.—Advices received by steamer Miowera from Australia tell of a terrible drouth in New South Wales and Queensland, which has devastated sheep ranches. Millions of sheep have died and men formerly considered wealthy have been compelled to seek employment.

Samuel McGaughey, the sheep king of Australia, lost over 1,000,000 sheep of his herd of 1,250,000, and other large herders have been equally unfortunate.

The work of wiping out natives of the South Sea Islands continues. Australian papers give accounts of one expedition by Germans to New Hebrides to avenge the murder of Mrs. Wolf. This expedition completely wiped out the village of natives in which the murder was committed. One hundred and thirty persons were killed.

### DOUBLE LYNCHING.

A White Man and a Negro Mobbed for Murdering a Farmer.

Lexington, Mo., Aug. 12.—Charles Salyers, white, and Harry Gates, colored, were taken from the county jail here by a masked mob at 1:30 o'clock this morning and lynched. They were charged with killing George W. Johnson, a wealthy farmer who surprised them at his hen house near town a week ago.

Before they were strung up Salyers made a statement to the mob saying Gates fired the shot that killed Johnson.

Johnson was one of the wealthiest and most respected men in the community and the feeling against the two men was intense.

### STAGE HELD UP.

Driver Attempts to Escape and Is Killed by the Robbers.

Tucson, Ariz., Aug. 12.—El Correo de Zonora has an account of a daring hold up near Mazatlan, Mex., by three masked men supposed to have been outlaws. The robbers secured \$4000 and made good their escape with the plunder. Mariano Gordillo, the driver attempted to whip up the horses and was shot dead. The passengers were unharmed.

A shipment of \$4000 to a bank at Mazatlan was the booty the robbers were after and when they secured this they allowed the stage to proceed. A posse was sent after the robbers, but up to last reports their search was fruitless.

### Quay Willing to End Strike.

Atlantic City, Aug. 12.—Senator Quay says he is willing to do all in his power to end strike of the anthracite coal miners. George Llewellyn of the Citizens' alliance of Wilkesbarre called upon the senator and asked him to use his good offices in an endeavor to end the strike.

### MAY ASK STATE AID.

Brazos Bottom Farmers Want It to Help Build Levees.

Austin, Texas, Aug. 11.—It is known that two rather important petitions will be circulated over the state between now and the next session of the legislature, requesting action by the solons on two propositions. One is for aid to build levees on the Brazos in the flood district. An appropriation may be asked or the passage of a bill authorizing the counties to use their taxes to build the dikes. In either event it is understood planters stand ready to give much assistance in the use of their plantation hands and teams. This would be a big item and the rich Brazos farms may be protected in a short time by levees.

## RAIDING THE FARMS

Strikers Said to Be Threatening Farmers in Catawassia Valley.

### ARE IN ACTUAL WANT

Soldiers Giving Surplus Food to the Women and Children of Strikers. Battle Between Deputies and the Strikers.

Shenandoah, Aug. 12.—Complaint has been made to brigade headquarters that strikers were foraging in the rich agricultural district of the Catawassia valley, which spreads its broad and fertile length along the other side of the mountains north of this city. The life of one farmer has been threatened because he attempted to protect his property, and the raids have reached such serious proportions that the farmers are preparing to take some concerted action to stop further depredations. The complaints reached headquarters Monday, and it is not unlikely that the cavalry will be sent into the district. Farmers are drawing petitions asking for protection.

Soldiers in camp are daily feeding several hundred women and children. They come there saying they are hungry, and as there is more than enough food in the camp to supply the wants of the men, the officers permit the soldiers to give something to the needy applicants. The number that came last week was small, but it is increasing daily. Some of the women and all of the children come to the camp in their bare feet. Many of them bring baskets to carry the food home. It is a common sight to see some of the women and children take scraps from the leavings of the soldiers. Colonel Hoffman of the Eighth regiment, was asked if all these persons were foreigners, and he replied that a good many belonged to the English-speaking classes.

The officials of the Mine Workers' union deny there is any actual want. They maintain the local unions are well able to take care of all classes of distress.

### Deputies and Strikers Fight.

Scranton, Pa., Aug. 12.—A lively battle occurred Monday night between deputies and strikers at Throop an isolated mining village, six miles north of here. Scores of shots were exchanged but as far as is known no one was hit. The one colliery in the village is operated by the Pencoast Coal company. Last Tuesday the washery was started under the protection of armed deputies. There has been some stone throwing at the deputies and clubbing of workmen. On several occasions the deputies discharged their guns to frighten away the boys who pelted the washery with slingshots. The four deputies guarding the companies pumping station located on the river bank were driven to cover by a volley of shots from the other shore. They returned the fire and silenced the attack. When darkness fell the attack on the pump house was renewed. The company anticipated it and had a big force of deputies on hand. The firing lasted an hour.

### Mosquitos Convey Charbon.

Lake Charles, La., Aug. 12.—Mrs. Elason Clark, living south of the city, was bitten on the ankle by a mosquito a week ago and was inoculated with charbon from the bite. Her life was in danger for several days, but she is recovering. Some of her husband's stock died of charbon and it is supposed the insect carried the inflammation from the animals. Charbon has also appeared within a mile of town, a horse belonging to Captain Fitzreiter dying of the disease.

### Young Physician Suicides.

Muskogee, I. T., Aug. 12.—Dr. M. F. Vance, a young physician at Checotah, twenty miles south of this place, committed suicide by blowing out his brains with a revolver. He was 27 years old and had a good practice and a good business besides. No cause can be assigned. He went into the kitchen before daylight and lay down on the floor and then fired the shot. It went through his head and on through the floor. He had a young wife.

### Corpses Washed Away.

Madison, N. J., Aug. 12.—A cloudburst Sunday night caused devastation in Hillside cemetery. About seventy-five caskets were uncovered by the rushing waters and many of them were swept from the graves. Coffins were found strewn about in all directions. Some of the bodies were found a mile from the cemetery and it is believed that others were washed into the Passaic river. Forty bodies have been recovered.

### Leroy Starr Dead.

Vinita, I. T., Aug. 12.—News has reached here of the death of Leroy Starr, commonly known as "Buck" Starr, of Stillwell, I. T. Leroy was the last of a family of eleven children—six boys and five girls. The cause of death was sunstroke. Leroy Starr was 79 years old when he died, and was an excellent type of the old generation and lived in the old Indian style to the last.

### Revolutionists Cut the Cable.

Washington, Aug. 12.—Minister Bowen has cabled the state department from Caracas that the revolutionists have cut the cable at Barcelona.

Minister Bowen says the cable was cut immediately after the receipt of the message stating the revolutionists were entering the city.

Two boys, Joe and Las Sumner,  
giving their ages as 13 and 11 years  
respectively, came to Bryan from  
Wheelock on a wagon Monday, and  
stated that they were trying to go to  
a married sister who lives in Hardin  
county. They said that their mother  
died several years ago, and two years  
ago their father, who was working  
on the railroad, also died, leaving  
them entirely alone. They have  
since made their home, they stated,  
with a farmer in Robertson county.

They were directed to the commis-  
sioners court, now in session, and  
that body, after considering the  
matter, determined to purchase  
tickets for them and send them to  
Kountze. Accordingly this was  
done, and two bright little barefoot  
boys took the southbound train yester-  
day afternoon at 2 o'clock, bound  
for the home of their sister whose  
name they gave as Mrs. John Ward.

The commissioners court has been  
in session the past few days. The  
tax rolls of Assessor R. M. Nall have  
been examined and approved, and  
other business, relating to roads and  
other routine matters, is receiving  
attention. Among other things, it  
has been determined to straighten  
and improve the College and iron  
bridge road.

A gentleman was here from Milam  
county yesterday looking for a run-  
away son whom he traced over into  
this county. While at the courthouse  
making inquiries the gentleman's  
horse also got away from him.

#### SHOOTING ON A TRAIN.

Captain Donovan Fatally Wounded by  
W. T. Eldredge Near Houston.

Houston, Aug. 12.—A delayed train  
on the Aransas Pass road arrived here  
Monday night, bringing in two men  
who had been parties to a deadly  
shooting at Simonton, on that road.  
Captain William Dunovant was upon  
a mattress and was considered badly  
wounded. W. T. Eldredge was in the  
custody of W. T. Wade, deputy sheriff  
of Fort Bend county. Captain Dupo-  
vant was conveyed from the train to  
the Houston infirmary, where he died  
at 11 o'clock Monday night.

It seems that Eldredge was on the  
Aransas Pass train coming to Houston.  
He got on at Eagle Lake. At Simon-  
ton, the first station this side, Captain  
Dunovant was entering a coach to  
come to Houston when the shooting  
occurred. As he entered the coach  
which was occupied by Eldredge the  
latter stood and the shooting started.  
The men were close together and the  
first ball took effect. The sheriff or  
deputy of Bexar county was near by  
and when the pistol was pulled for the  
second time he knocked it up and the  
ball went wide of the mark. Four  
other cartridges were discharged and  
were treated in the same way.

Mr. Eldredge stated that when they  
met Captain Dunovant attempted to  
draw his pistol and that brought the  
shooting on. On the 19th of July they  
had a little trouble. At Galveston  
during the state convention they also  
had some trouble.

Captain Dunovant was a large sugar  
and rice planter near Eagle Lake and  
was one of the best known men in this  
part of the state. He was owner of a  
large rice mill, a sugar mill and an  
irrigation plant near Eagle Lake. He  
was a gallant Confederate soldier and  
lost one arm in the Confederate war.  
His home was in this city, where he  
lived with his sister, Miss Adelia  
Dunovant.

#### ANOTHER CHARRED BODY.

The Eighth Victim Taken from the Fire  
at San Angelo.

San Angelo, Tex., Aug. 12.—Another  
body was taken from the ruins of the  
Landon hotel Monday. It was so char-  
red as to be unrecognizable and as yet  
is unidentified. The work of search-  
ing the ruins is still in progress, but no  
names have been added to the list of  
those known to have perished.

The funerals of Mrs. J. C. Landon of  
San Angelo and B. Hendricks of Waco  
took place here Monday afternoon and  
were attended by large crowds of peo-  
ple.

The bodies of Mrs. Frank Schlup-  
insky and two children of Houston,  
and Mrs. Fowler and her grandson of  
Houston, have been claimed by rela-  
tives and will be taken to Houston.  
The identified victims are:

#### Warrant for Cattlemen.

Guthrie, Ok., Aug. 12.—Warrants  
have been issued by United States  
Attorney Horace Speed and placed in  
the hands of Deputy Marshal Gandy  
of Fort Supply for the arrest of eight  
prominent cattlemen of Dewey and  
Custer counties, Oklahoma, who are  
charged with conspiracy in attempt-  
ing to defeat the rights of homestead-  
ers in western Oklahoma. They will  
be arraigned at Woodward and allowed  
to give bond pending trial.

It is claimed that the homesteaders  
have suffered all manner of injury at  
the hands of the cattlemen, their  
stock killed, themselves waylaid and  
shot, their homes burned, after being  
saturated with oil, and their crops  
trampled by herds driven across them  
by the cattlemen.

#### Another Shipbuilding Combine.

Wilmington, Del., Aug. 12.—The  
ship building plant of the Harlan and  
Hollingsworth company, covering fifty  
acres of ground has been sold to  
the United States Shipbuilding com-  
pany, a syndicate in which it is re-  
ported the shipbuilding plants of  
Lewis Nixon at Elizabethport, N. J.,  
the Neofee and Levy company of Phil-  
adelphia; the San Francisco Iron  
works; the Newport News Shipbuild-  
ing company and several other minor  
shipbuilding plants throughout the  
country for a consideration of \$1,500-  
000. The Harlan and Hollingsworth  
company has been in existence for  
sixty years.

#### Section Man Killed.

Dallas, Aug. 12.—A car running at  
a high speed on the Interurban be-  
tween Dallas and Fort Worth struck  
four section men near Grand Prairie.  
Jeff Crenshaw received injuries about  
the head which resulted in his death,  
and William Wilson had his thigh  
broken and other injuries. Chester  
Brooks and Peter Wilkerson were  
hurt, but not seriously. It is said that  
the accident was the result of the men  
being slow in getting off the track  
after the motorman had blown the  
whistle.

#### Beaumont's Zinc Smelter.

Beaumont, Tex., Aug. 12.—A large  
crew of men are clearing the site for  
the large zinc smelter in the south-  
eastern part of the city, and every man  
who can be secured will be placed on  
this work and kept there until the  
ground is ready for the excavators,  
by which time it is believed the plans  
will be ready for the contractors.

#### Freight Train Wrecked.

Colmesneil, Tex., Aug. 12.—The  
southbound local freight on the Nacog-  
doches extension of the Texas and  
New Orleans was wrecked at the  
Neches river, 11 miles north of here.  
The engineer, Will Gaines, was badly  
hurt. The brakeman and fireman were  
also injured but not seriously.

#### Killing at Buffalo.

Buffalo, Tex., Aug. 12.—Henry Jones,  
colored, was killed on the street here.  
Floyd Wallace, also colored, was held  
in \$1000 bond to await the action of  
the grand jury.

## SUCCESSOR OF GRAY

Judge Holmes Made an Associate Justice on Supreme Bench.

## A PROMINENT JURIST

Oliver Wendell Holmes is a Son of the Late Author and is at Present Chief Justice of the Supreme Court of Massachusetts.

Oyster Bay, N. Y., Aug. 12.—President Roosevelt has appointed Hon. Oliver Wendell Holmes, son and namesake of the late Dr. Holmes, the poet, chief justice of the supreme court of Massachusetts, to be an associate justice of the supreme court of the United States, vice Justice Gray, resigned.

The resignation of Justice Gray was due to ill health. Several months ago he suffered a stroke of apoplexy, which some time later was followed by another. He has not appeared on the bench since he was stricken the first time. His advanced age—74 years—told against his recovery with serious force. Realizing that he probably never would be able again to assume the place which he so long had filled with distinguished ability and honor, he decided a short time ago to tender his resignation to the president. With the exception of Justice Harlan, he has served on the bench of the United States supreme court longer than any of his present colleagues. He was appointed an associate justice by President Arthur on Dec. 19, 1881, his service extending, therefore, through a period of nearly twenty-one years.

Judge Holmes, whom the president has selected as Justice Gray's successor, is one of the most distinguished lawyers and jurists of Massachusetts. His career on the bench, particularly as chief justice of the Massachusetts supreme court, has attracted wide attention. Like Justice Gray, he is a native of Massachusetts.

### Sketch of Judge Holmes.

Boston, Aug. 12.—Judge Holmes, who has been honored by an appointment to the United States supreme court bench, was born in Boston March 8, 1841, and graduated from Harvard University in 1861. He served in the Twentieth Massachusetts regiment in the Civil war, rising to the rank of lieutenant colonel. Later he served as aide to Brigadier General H. G. Wright, commanding the first division, sixth corps. In December, 1865, he became a law student in the office of P. M. Morse and graduated from Harvard law school in 1866. He was admitted to the Suffolk bar in 1867, and afterward began active practice of law with his only brother, Edward Jackson Holmes. On December 8, 1882, Governor Long appointed him an associate justice of the supreme judicial court of Massachusetts and on July 28, 1899, the late Governor Wolcott appointed him chief justice.

Judge Holmes, in addition to his eminence in law matters, has achieved prominence as a writer and lecturer on legal subjects, upon which in many instances he is a recognized authority. At Harvard university he taught constitutional law in 1870 and 1871, and was university lecturer on jurisprudence in 1871 and 1872. He received the degree of LL. D. from Yale and Harvard in 1895. On June 17, 1872, Chief Justice Holmes married Miss Fanny Dixwell, daughter of Epes Sargent Dixwell of Cambridge.

### Two Chicago Policemen Shot.

Chicago, Aug. 12.—Officers Timothy Devine and Charles T. Pennell, patrolmen of the Chicago police department, were killed early this morning in a revolver battle with what was supposed to have been a gang of thugs. Much mystery surrounds the shooting, for both men died before an adequate account of the shooting could be obtained.

### Well Known Musician Dead.

New York, Aug. 12.—Charles E. Pratt, a once widely known musician, is dead of apoplexy. He was undergoing treatment for Bright's disease at a hospital here. He was born at Hartford, Conn., in 1842 and at various times he was associated as accompanist and orchestra leader with such artists as Emma Abbott, Mme. Anna Bishop, Robert Heller, Alice Dunning Lingard and Clara Louise Kellogg.

### Fight at a Campmeeting.

Sulphur Springs, Tex., Aug. 12.—Robert Bevis was badly cut with a knife at Forrest academy, eight miles east of here. He became involved in a fight during a campmeeting service. Warrants have been sworn out, but no arrests have been made.

### Industrial Depression in Germany.

Berlin, Aug. 12.—The semi-annual report of the Deutsche Genossenschaft bank emphasizes the existing industrial depression. The report shows the bank lost \$867,500 in industrial enterprises.

### NEWS IN BRIEF.

Waco, Tex., is going to build and own its waterworks. They are to cost \$200,000.

The 2-year-old child of James Parham of Roxton, Tex., was burned to death.

The coal miners strike has been on thirteen weeks and not a break in the ranks is reported.

A Chicago, Ill., firm has leased an elevator at Galveston, Tex., to export grain.

Lightning struck a church at DeSoto, Ga., killing one man and injuring forty others.

## WONDERS OF GALAPAGOS.

Rich in Mineral, Tons of Sulphur in Sight and Alive With Dogs.

San Francisco, Aug. 12.—Captain Richard Nye, who was one of those on the steamer with S. Phelps, tells of many wonders of Galapagos islands, which that vessel recently visited. In an interview he said:

"The islands are as full of minerals as shad is of bones. On Albermarle there is an extinct crater, miles in diameter, in which there is in sight 40,000 tons of pure sulphur. The crater is about ten miles inland, and a tramway will be necessary for transportation to the coast but this should be a small sum considering the possible profit.

"One of the queer things in Albermarle island is that it is overrun with wild dogs. The animals are a mongrel breed and were left on the island by whalers. The dogs have become wild and are extremely vicious. They are wolf-like in their habits and run in droves."

Captain Nye also tells of a remarkable lake on the island of Chatham at an elevation of 3000 feet above the sea level. This lake, according to the captain, rises and falls with the tide and no sounding line has ever reached its bottom.

Many relics of an ancient race were found.

## A CHARGE OF LIBEL.

Proprietor of San Francisco Call Makes One Against Governor Gage.

San Francisco, Aug. 12.—John D. Spreckels, proprietor of the Morning Call, has sworn to a warrant in the police court here charging Governor Gage with libel. The alleged libel is contained in a statement, published Monday in which the governor said that the charges against him recently published in the call were made for the express purpose of attempting to defeat his renomination.

Judge Cabanis signed the warrant which was placed in the hands of a detective for service on the governor.

### Head Split With an Ax.

Fort Smith, Ark., Aug. 12.—Monroe Porter, a Cherokee Indian, is at death's door on account of a wound inflicted at a church three miles north of Salisaw, I. T. Three white men were together at the church ground, but not taking part in the services. There was whisky around, all got drunk and got into a dispute over a trifling matter. A fight resulted and one of the white men grabbed an ax and buried its edge in Porter's face. It is doubtful if he recovers. Ed Kuykendall and John Thomas have been arrested.

### Mississippi Killed at Memphis.

Memphis, Aug. 12.—J. B. Worley of Roxie, Miss., was shot and killed here at the crossing of the Illinois Central and Yazoo and Mississippi Valley railroads, and Simon Birde, a one-legged negro, is locked up charged with the crime. Worley's dying statement was that a one-legged negro approached him and asked to see his revolver. Worley said he handed his weapon to the negro, who immediately fired upon him. Birde was arrested in the vicinity of the shooting.

### Boll Worm in Fannin.

Bonham, Tex., Aug. 12.—The one theme for discussion among farmers now is the boll worm. Reports are coming in from every part of Fannin county of the depredation of the worm. Some crops that two weeks ago were not harmed are now destroyed. Some fields, however, are but little damaged. It is a safe estimate, judging from the volume of reports, that the cotton crop in Fannin county is damaged 50 per cent.

### Sulphide Ore Near Cripple Creek.

Cripple Creek, Colo., Aug. 12.—A strike of sulphide ore, carrying 4000 ounces of silver and a large percentage of copper, has been made on Bull Hill, the very center of the Cripple Creek district, at a depth of 1365 feet. This bears out the theory of many experts who have predicted that deep mining would change the character of the district's output.

### Reduction in Freight Rates.

Texarkana, Tex., Aug. 12.—The Kansas City Southern has announced a reduction in freight rates between Kansas City and this point. First-class freight will now be 75c. It has heretofore been \$1.10 per 100. Other classes of freight in proportion.

The Iron Mountain has also cut the rate between Texarkana and Memphis on first-class from \$1 to 65c per 100.

### Almost a Race War.

Paris, Tex., Aug. 12.—A war of races, caused by a fight between a white boy and a negro on the depot platform, was narrowly averted at Hugo, I. T., Sunday night. Two hundred men appeared on the streets armed with Winchester, shotguns and revolvers, but there was no bloodshed. The white citizens are talking of forming a vigilance committee.

### Three Women Shot.

Louisville, Aug. 12.—James D. Cook, a carpenter, shot Mrs. Louisa Jones and Mrs. Mary Sberline of 1842 Eighth street and Mrs. Francis Rasner of 1835 Eighth street. Mrs. Rasner was the only one who was seriously wounded, the bullet striking her in the back. She is 65 years of age and her condition is critical. Cook says family troubles are responsible for his act.

### Woman Burned to Death.

Archer City, Tex., Aug. 12.—A telephone message from Geraldine says that a gasoline stove exploded in the house of Mr. McReynolds, burning the house and a young lady who was near the stove when it exploded.

### Killing at Muskogee.

Muskogee, I. T., Aug. 12.—Jim Raines came in from McLain, fifteen miles east of this place, and surrendered to the federal authorities, stating that he had killed Dan Smith.

Barcelona Taken and the Town Is Being Looted by Soldiers.

## WARSHIP IS NEEDED

Our Consul Asks One for the Protection of American Interest—The Request Will Be Granted. Blockade Is Ineffective.

Washington, Aug. 12.—Minister Bowen has cabled the state department from Caracas that our consul at Barcelona has informed him by wire that Barcelona has been taken by the revolutionists and that they are sacking the town and in his judgment a protection vessel should be immediately afforded them.

Mr. Bowen has cabled the Cincinnati to return without delay. He notes that the Topeka is at Porto Cabello and the Marietta up Orinoco river.

Either the Topeka or the Cincinnati will go to Barcelona at once from Porto Cabello.

### The Blockade Ineffective.

Washington, Aug. 12.—The navy department has received two cablegrams from Commander McCrea of the gunboat Machias, dated Haiti, August 12, in which he reports the attempted blockade of the port by revolutionists is ineffective. In the first dispatch he says:

"Have decided the blockade spasmodic, therefore ineffective. Have notified consuls. Will protect innocent neutral commerce."

In the second dispatch he said: "Consider blockade abandoned. An American schooner reporting the blockader absent when it entered the port."

### KNIGHTS OF PYTHIAS.

The Reports of Officers Show the Order to Be in a Flourishing Condition.

San Francisco, Aug. 12.—Supreme Chancellor Pethers in his annual report to the Knights of Pythias convention said on December 31, 1901, the order had 540,138 affiliated members. To this should be added at least 500,000 who have been suspended for the non-payment of dues or have taken withdrawal cards, making a total of more than 1,000,000. The net gain for year, 23,194.

The report of R. C. L. White, supreme keeper of records and seal, showed the total number of subordinate lodges on December 31, 1901, was 7002, the net gain during the year being 142 lodges. The net gain in 1900 and 1901 combined was 262 lodges and 47,632 members. He said the per capita tax of six cents per annum will produce sufficient revenue to meet all requirements.

The report of the board of control of the endowment rank showed during the last two fiscal years 19,347 applications were received and 1579 death claims amounting to \$3,089,977 paid. Since organization of this rank 9001 death claims aggregating \$417,636,462 have been paid.

Fort Worth, Tex., Aug. 12.—The Populist state convention of Texas assembled here today about half the state cha shrdlu shrdlu shrdlu shrdlu state represented. J. M. Mallette of Johnson county was made temporary chairman.

The morning session was taken up with an address of welcome by Mayor Powell and response and announcement of committees on credentials, organization and resolutions. The convention adjourned at 12:30 for the noon recess.

Resolutions will follow the usual deliverance of the party on national questions. A demand will be made for a state law restricting child labor in factories to the age of fifteen years and opposition will be expressed to the proposed poll tax amendment to the constitution.

### MURDER OF TEACHERS.

Three Were Shot and the Fourth Believed Buried Alive.

Manila, Aug. 12.—The investigation made by the constabulary to clear up the facts in the killing of the Cebu coaching party of four school teachers shows the party was ambushed 12 miles from Cebu. Two teachers were shot and killed at the first volley, the third, who ran, was shot in the back, and the fourth, who was captured, was shot in the chest while praying for mercy. It is suspected the fourth man

was buried alive, as his wound was slight and probably could not have caused death. Dogs dug up two of the bodies and devoured their flesh.

It is believed sufficient evidence has been secured to convict all participants in the crime.

The bodies of these teachers were found on July 24, after the teachers had been missing since June 10.

The police killed the leader of the band of murderers and captured eight other alleged participants in the crime. One man escaped.

### AN EXTRA SESSION.

President Will Call the Senate Together on Cuban Reciprocity Treaty.

Washington, Aug. 12.—Advices received here indicate President Roosevelt will call the senate in extraordinary session early in November with a view to the ratification of the reciprocity treaty with Cuba.

### ANNEXATION OF CUBA.

If Not Accomplished in Depression, Will Not Be in Prosperity.

Louisville, Ky., Aug. 12.—"Unless Cuba is annexed to the United States within a year, it never will be," said G. Castellanos of Havana, who is at Selbach's hotel.

"If the United States wants the island now is the time for them to get it. The people are poor, and there is no demand for the sugar and tobacco, the principal products. The failure of congress to adopt the reciprocity resolution was a great blow to the island, but we think we will find a demand for our sugar in Europe. When this is done our people will become prosperous, and all will oppose annexation. But now with hard times staring them in the face, a great many Cubans favor annexation. This is especially true with the wealthy classes. They want to sell their products and realize the benefits they would derive personally by having an open market."

"It will take several years to bring order out of chaos and establish prosperity. But when this is done, the people will be satisfied, and will oppose any effort toward annexation."

### SHEEPMEN RUINED.

Drouth in New South Wales Devastates That Industry.

Victoria, B. C., Aug. 12.—Advices received by steamer Miowera from Australia tell of a terrible drouth in New South Wales and Queensland, which has devastated sheep ranches. Millions of sheep have died and men formerly considered wealthy have been compelled to seek employment.

Samuel McGaughey, the sheep king of Australia, lost over 1,000,000 sheep of his herd of 1,250,000, and other large herders have been equally unfortunate.

The work of wiping out natives of the South Sea Islands continues. Australian papers give accounts of one expedition by Germans to New Hebrides to avenge the murder of Mrs. Wolf. This expedition completely wiped out the village of natives in which the murder was committed. One hundred and thirty persons were killed.

### DOUBLE LYNCHING.

A White Man and a Negro Mobbed for Murdering a Farmer.

Lexington, Mo., Aug. 12.—Charles Salyers, white, and Harry Gates, colored, were taken from the county jail here by a masked mob at 1:30 o'clock this morning and lynched. They were charged with killing George W. Johnson, a wealthy farmer who surprised them at his hen house near town a week ago.

Before they were strung up Salyers made a statement to the mob saying Gates fired the shot that killed Johnson.

Johnson was one of the wealthiest and most respected men in the community and the feeling against the two men was intense.

### STAGE HELD UP.

Driver Attempts to Escape and Is Killed by the Robbers.

Tucson, Ariz., Aug. 12.—El Correo de Zonora has an account of a daring hold up near Mazatlan, Mex., by three masked men supposed to have been outlaws. The robbers secured \$4000 and made good their escape with the plunder. Mariano Gordillo, the driver attempted to whip up the horses and was shot dead. The passengers were unmolested.

A shipment of \$4000 to a bank at Mazatlan was the booty the robbers were after and when they secured this they allowed the stage to proceed. A posse was sent after the robbers, but up to last reports their search was fruitless.

### MAY ASK STATE AID.

Brazos Bottom Farmers Want It to Help Build Levees.

Austin, Texas, Aug. 11.—It is known that two rather important petitions will be circulated over the state between now and the next session of the legislature, requesting action by the solons on two propositions. One is for aid to build levees on the Brazos in the flood district. An appropriation may be asked or the passage of a bill authorizing the counties to use their taxes to build the dikes. In either event it is understood planters stand ready to give much assistance in the use of their plantation hands and teams. This would be a big item and the rich Brazos farms may be protected in a short time by levees.

## RAIDING THE FARMS

Strikers Said to Be Threatening Farmers in Catawassa Valley.

### ARE IN ACTUAL WANT

Soldiers Giving Surplus Food to the Women and Children of Strikers, Battle Between Deputies and the Strikers.

Shenandoah, Aug. 12.—Complaint has been made to brigade headquarters that strikers were foraging in the rich agricultural district of the Catawassa valley, which spreads its broad and fertile length along the other side of the mountains north of this city. The life of one farmer has been threatened because he attempted to protect his property, and the raids have reached such serious proportions that the farmers are preparing to take some concerted action to stop further depredations. The complaints reached headquarters Monday, and it is not unlikely that the cavalry will be sent into the district. Farmers are drawing petitions asking for protection.

Soldiers in camp are daily feeding several hundred women and children. They come there saying they are hungry, and as there is more than enough food in the camp to supply the wants of the men, the officers permit the soldiers to give something to the needy applicants. The number that came last week was small, but it is increasing daily. Some of the women and all of the children come to the camp in their bare feet. Many of them bring baskets to carry the food home. It is a common sight to see some of the women and children take scraps from the leavings of the soldiers. Colonel Hoffman of the Eighth regiment, was asked if all these persons were foreigners, and he replied that a good many belonged to the English-speaking classes.

The officials of the Mine Workers' union deny there is any actual want. They maintain the local unions are well able to take care of all classes of distress.

### Deputies and Strikers Fight.

Scranton, Pa., Aug. 12.—A lively battle occurred Monday night between deputies and strikers at Throop an isolated mining village, six miles north of here. Scores of shots were exchanged but as far as is known no one was hit. The one colliery in the village is operated by the Pencoast Coal company. Last Tuesday the washery was started under the protection of armed deputies. There has been some stone throwing at the deputies and clubbing of workmen. On several occasions the deputies discharged their guns to frighten away the boys who pelted the washery with slingshots. The four deputies guarding the companies pumping station located on the river bank were driven to cover by a volley of shots from the other shore. They returned the fire and silenced the attack. When darkness fell the attack on the pump house was renewed. The company anticipated it and had a big force of deputies on hand. The firing lasted an hour.

### Mosquitoes Convey Charbon.

Lake Charles, La., Aug. 12.—Mrs. Elauson Clark, living south of the city, was bitten on the ankle by a mosquito a week ago and was inoculated with charbon from the bite. Her life was in danger for several days, but she is recovering. Some of her husband's stock died of charbon and it is supposed the insect carried the inflammation from the animals. Charbon has also appeared within a mile of town, a horse belonging to Captain Fitzreiter dying of the disease.

### Young Physician Suicides.

Muskogee, I. T., Aug. 12.—Dr. M. F. Vance, a young physician at Checotah, twenty miles south of this place, committed suicide by blowing out his brains with a revolver. He was 27 years old and had a good practice and a good business besides. No cause can be assigned. He went into the kitchen before daylight and lay down on the floor and then fired the shot. It went through his head and on through the floor. He had a young wife.

### Corpses Washed Away.

Madison, N. J., Aug. 12.—A cloudburst Sunday night caused devastation in Hillside cemetery. About seventy-five caskets were uncovered by the rushing waters and many of them were swept from the graves. Coffins were found strewn about in all directions. Some of the bodies were found a mile from the cemetery and it is believed that others were washed into the Passaic river. Forty bodies have been recovered.

### Leroy Starr Dead.

Vinita, I. T., Aug. 12.—News has reached here of the death of Leroy Starr, commonly known as "Buck" Starr, of Stillwell, I. T. Leroy was the last of a family of eleven children—six boys and five girls. The cause of death was sunstroke. Leroy Starr was 79 years old when he died, and was an excellent type of the old generation and lived in the old Indian style to the last.

Two boys, Joe and Las Sumner,  
giving their ages as 13 and 11 years  
respectively, came to Bryan from  
Wheelock on a wagon Monday, and  
stated that they were trying to go to  
a married sister who lives in Hardin  
county. They said that their mother  
died several years ago, and two years  
ago their father, who was working  
on the railroad, also died, leaving  
them entirely alone. They have  
since made their home, they stated,  
with a farmer in Robertson county.  
They were directed to the commis-  
sioners court, now in session, and  
that body, after considering the  
matter, determined to purchase  
tickets for them and send them to  
Kountze. Accordingly this was  
done, and two bright little barefoot  
boys took the southbound train yes-  
terday afternoon at 2 o'clock, bound  
for the home of their sister whose  
name they gave as Mrs. John Ward.

The commissioners court has been  
in session the past few days. The  
tax rolls of Assessor R. M. Nall have  
been examined and approved, and  
other business, relating to roads and  
other routine matters, is receiving  
attention. Among other things, it  
has been determined to straighten  
and improve the College and iron  
bridge road.

### SHOOTING ON A TRAIN.

Captain Dunovant Fatally Wounded by  
W. T. Eldredge Near Houston.

Houston, Aug. 12.—A delayed train  
on the Aransas Pass road arrived here  
Monday night, bringing in two men  
who had been parties to a deadly  
shooting at Simonton, on that road.  
Captain William Dunovant was upon  
a mattress and was considered badly  
wounded. W. T. Eldredge was in the  
custody of W. T. Wade, deputy sheriff  
of Fort Bend county. Captain Duno-  
vant was conveyed from the train to  
the Houston infirmary, where he died  
at 11 o'clock Monday night.

It seems that Eldredge was on the  
Aransas Pass train coming to Houston.  
He got on at Eagle Lake. At Simon-  
ton, the first station this side, Captain  
Dunovant was entering a coach to  
come to Houston when the shooting  
occurred. As he entered the coach  
which was occupied by Eldredge the  
latter stood and the shooting started.  
The men were close together and the  
first ball took effect. The sheriff or  
deputy of Bexar county was near by  
and when the pistol was pulled for the  
second time he knocked it up and the  
ball went wide of the mark. Four  
other cartridges were discharged and  
were treated in the same way.

Mr. Eldredge stated that when they  
met Captain Dunovant attempted to  
draw his pistol and that brought the  
shooting on. On the 19th of July they  
had a little trouble. At Galveston  
during the state convention they also  
had some trouble.

Captain Dunovant was a large sugar  
and rice planter near Eagle Lake and  
was one of the best known men in this  
part of the state. He was owner of a  
large rice mill, a sugar mill and an  
irrigation plant near Eagle Lake. He  
was a gallant Confederate soldier and  
lost one arm in the Confederate war.  
His home was in this city, where he  
lived with his sister, Miss Adella  
Dunovant.

### ANOTHER CHARRED BODY.

The Eighth Victim Taken from the Fire  
at San Angelo.

San Angelo, Tex., Aug. 12.—Another  
body was taken from the ruins of the  
Landon hotel Monday. It was so char-  
red as to be unrecognizable and as yet  
is unidentified. The work of search-  
ing the ruins is still in progress, but no  
names have been added to the list of  
those known to have perished.

The funerals of Mrs. J. C. Landon of  
San Angelo and B. Hendricks of Waco  
took place here Monday afternoon and  
were attended by large crowds of peo-  
ple.

The bodies of Mrs. Frank Schlup-  
insky and two children of Houston,  
and Mrs. Fowler and her grandson of  
Houston, have been claimed by rela-  
tives and will be taken to Houston.  
The identified victims are:

### Warrant for Cattlemen.

Guthrie, Ok., Aug. 12.—Warrants  
have been issued by United States  
Attorney Horace Speed and placed in  
the hands of Deputy Marshal Gandy  
of Fort Supply for the arrest of eight  
prominent cattlemen of Dewey and  
Custer counties, Oklahoma, who are  
charged with conspiracy in attempt-  
ing to defeat the rights of homestead-  
ers in western Oklahoma. They will  
be arraigned at Woodward and allowed  
to give bond pending trial.

It is claimed that the homesteaders  
have suffered all manner of injury at  
the hands of the cattlemen, their  
stock killed, themselves waylaid and  
shot, their homes burned, after being  
saturated with oil, and their crops  
trampled by herds driven across them  
by the cattlemen.

adelphia; the San Francisco Iron

### Section Man Killed.

Dallas, Aug. 12.—A car running at  
a high speed on the Interurban be-  
tween Dallas and Fort Worth struck  
four section men near Grand Prairie.  
Jeff Crenshaw received injuries about  
the head which resulted in his death,  
and William Wilson had his thigh  
broken and other injuries. Chester  
Brooks and Peter Wilkerson were  
hurt, but not seriously. It is said that  
the accident was the result of the men  
being slow in getting off the track  
after the motorman had blown the  
whistle.

### Beaumont's Zinc Smelter.

Beaumont, Tex., Aug. 12.—A large

eastern part of the city and every man

## GRECIAN LEGEND

When the Greeks undertook the Trojan war, Ulysses, one of the most renowned of the Greek heroes, the king of Ithica, one of the small Ionian (Ionia) and the husband of the exemplary PENELOPE, after long declining to join the alliance, at last consented, and embarking his small, but picked band, set forth for the Pargyan shores. During the war he acted a prominent part, and after the fall of the city of Troy, he embarked on board his small fleet with his followers to return to his wife and kingdom. But adverse winds and fearful storms made him the sport of winds and waves, and his efforts were fruitless for a long period. After an absence, however, of thirty years, he regained his island home, found his faithful, still beautiful

## PENELOPE

This name has been given a townsite in Hill County, 25 miles north of Waco, on the Fort Worth Division of the International & Great Northern Railroad, in the famous black land country on the rolling prairie, and as CON-STANCY was the charm of its namesake, there is little speculation that the growth of the new I. & G. N. town will be constant and that it will soon become a beautiful little city.

## BARBECUE TOWN LOT SALE

## Penelope, Thursday, August 14th,

By the SMITH LAND & IMPROVEMENT COMPANY.

Everybody knows that when a new railroad station is opened in the Black Land Belt it means a Town and a GOOD ONE, especially if it is an International & Great Northern town. The new I. & G. N. town of Mart, on the Fort Worth Division, having grown from a store, farm house and cotton gin to a bustling town of 2,500 inhabitants within a year, is a case in point.

LEROY, 15 miles north of Waco, in McLennan County, the new I. & G. N. station which was opened July 24, is being settled rapidly. There was a very large sale of town lots made there on the opening day and they continue to go.

PENELOPE, 25 miles north of Waco, 10 miles north of Leroy, 8-12 miles from Mt. Calm, 10 miles from West, 10 miles from Hillsboro, and one mile from Postoffice Zeeve, on the Fort Worth Division of the International & Great Northern Railroad, the new station to be opened Thursday, August 14, is in the midst of as fine a black land section as there is in the world. The distance being sufficient from all other towns and trade centers to make it one of the finest towns in that section, and a splendid opportunity is now afforded the investor in this town lot sale.

The I. & G. N. will have very low excursion rates in effect to Penelope for this event and will operate trains to suit the convenience of the people in attending sale. Tickets will be on sale for trains arriving Penelope morning August 14.

## SUCCESSOR OF GRAY

Judge Holmes Made an Associate Justice on Supreme Bench.

## A PROMINENT JURIST

Oliver Wendell Holmes is a Son of the Late Author and is at Present Chief Justice of the Supreme Court of Massachusetts.

Oyster Bay, N. Y., Aug. 12.—President Roosevelt has appointed Hon. Oliver Wendell Holmes, son and namesake of the late Dr. Holmes, the poet, chief justice of the supreme court of Massachusetts, to be an associate justice of the supreme court of the United States, vice Justice Gray, resigned.

The resignation of Justice Gray was due to ill health. Several months ago he suffered a stroke of apoplexy, which some time later was followed by another. He has not appeared on the bench since he was stricken the first time. His advanced age—74 years—told against his recovery with serious force. Realizing that he probably never would be able again to assume the place which he so long had filled with distinguished ability and honor, he decided a short time ago to tender his resignation to the president. With the exception of Justice Harlan, he has served on the bench of the United States supreme court longer than any of his present colleagues. He was appointed an associate justice by President Arthur on Dec. 19, 1881, his service extending, therefore, through a period of nearly twenty-one years.

Judge Holmes, whom the president has selected as Justice Gray's successor, is one of the most distinguished lawyers and jurists of Massachusetts. His career on the bench, particularly as chief justice of the Massachusetts supreme court, has attracted wide attention. Like Justice Gray, he is a native of Massachusetts.

## Sketch of Judge Holmes.

Boston, Aug. 12.—Judge Holmes, who has been honored by an appointment to the United States supreme court bench, was born in Boston March 8, 1841, and graduated from Harvard University in 1861. He served in the Twentieth Massachusetts regiment in the Civil war, rising to the rank of lieutenant colonel. Later he served as aide to Brigadier General H. G. Wright, commanding the first division, sixth corps. In December, 1865, he became a law student in the office of P. M. Morse and graduated from Harvard law school in 1866. He was admitted to the Suffolk bar in 1867, and afterward began active practice of law with his only brother, Edward Jackson Holmes. On December 8, 1882, Governor Long appointed him an associate justice of the supreme judicial court of Massachusetts and on July 28, 1899, the late Governor Wolcott appointed him chief justice.

Judge Holmes, in addition to his eminence in law matters, has achieved prominence as a writer and lecturer on legal subjects, upon which in many instances he is a recognized authority. At Harvard university he taught constitutional law in 1870 and 1871, and was university lecturer on jurisprudence in 1871 and 1872. He received the degree of LL. D. from Yale and Harvard in 1895. On June 17, 1872, Chief Justice Holmes married Miss Fanny Dixwell, daughter of Epes Sargent Dixwell of Cambridge.

## Two Chicago Policemen Shot.

Chicago, Aug. 12.—Officers Timothy Devine and Charles T. Pennell, patrolmen of the Chicago police department, were killed early this morning in a revolver battle with what was supposed to have been a gang of thugs. Anna Bishop, Robert Heller, Alice Dunning Lingard and Clara Louise Kellogg.

## WONDERS OF GALAPAGOS.

Rich in Minerals, Tons of Sulphur in Sight and Alive With Dogs.

San Francisco, Aug. 12.—Captain Richard Nye, who was one of those on the steamer with S. Phelps, tells of many wonders of Galapagos islands, which that vessel recently visited. In an interview he said:

"The islands are as full of minerals as shad is of bones. On Albermarle there is an extinct crater, miles in diameter, in which there is in sight 40,000 tons of pure sulphur. The crater is about ten miles inland, and a tramway will be necessary for transportation to the coast but this should be a small sum considering the possible profit.

"One of the queer things in Albermarle island is that it is overrun with wild dogs. The animals are a mongrel breed and were left on the island by whalers. The dogs have become wild and are extremely vicious. They are wolf-like in their habits and run in droves."

Captain Nye also tells of a remarkable lake on the island of Chatham at an elevation of 3000 feet above the sea level. This lake, according to the captain, rises and falls with the tide and no sounding line has ever reached its bottom.

Many relics of an ancient race were found.

## A CHARGE OF LIBEL.

Proprietor of San Francisco Call Makes One Against Governor Gage.

San Francisco, Aug. 12.—John D. Spreckels, proprietor of the Morning Call, has sworn to a warrant in the police court here charging Governor Gage with libel. The alleged libel is contained in a statement, published Monday in which the governor said that the charges against him recently published in the call were made for the express purpose of attempting to defeat his renomination.

Judge Cabaniss signed the warrant which was placed in the hands of a detective for service on the governor.

## Head Split With an Ax.

Fort Smith, Ark., Aug. 12.—Monroe Porter, a Cherokee Indian, is at death's door on account of a wound inflicted at a church three miles north of Sallisaw, I. T. Three white men were together at the church ground, but not taking part in the services. There was whisky around, all got drunk and got into a dispute over a trifling matter. A fight resulted and one of the white men grabbed an ax and buried its edge in Porter's face. It is doubtful if he recovers. Ed Kuykendall and John Thomas have been arrested.

## Mississippi Killed at Memphis.

Memphis, Aug. 12.—J. B. Worley of Roxie, Miss., was shot and killed here at the crossing of the Illinois Central and Yazoo and Mississippi Valley railroads, and Simon Birde, a one-legged negro, is locked up charged with the crime. Worley's dying statement was that a one-legged negro approached him and asked to see his revolver. Worley said he handed his weapon to the negro, who immediately fired upon him. Birde was arrested in the vicinity of the shooting.

## Boll Worm in Fannin.

Bonham, Tex., Aug. 12.—The one theme for discussion among farmers now is the boll worm. Reports are coming in from every part of Fannin county of the depredation of the worm. Some crops that two weeks ago were not harmed are now destroyed. Some fields, however, are but little damaged. It is a safe estimate, judging from the volume of reports, that the cotton crop in Fannin county is damaged 50 per cent.

## Sulphide Ore Near Cripple Creek.

Cripple Creek, Colo., Aug. 12.—A strike of sulphide ore, carrying 4000 ounces of silver and a large percentage of copper, has been made on Bull Hill, the very center of the Cripple Creek district, at a depth of 1365 feet. This bears out the theory of many experts who have predicted that deep mining would change the character of the district's output.

## Almost a Race War.

Paris, Tex., Aug. 12.—A war of races, caused by a fight between a white boy and a negro on the depot platform, was narrowly averted at Hugo, I. T., Sunday night.
